INTRODUCTION

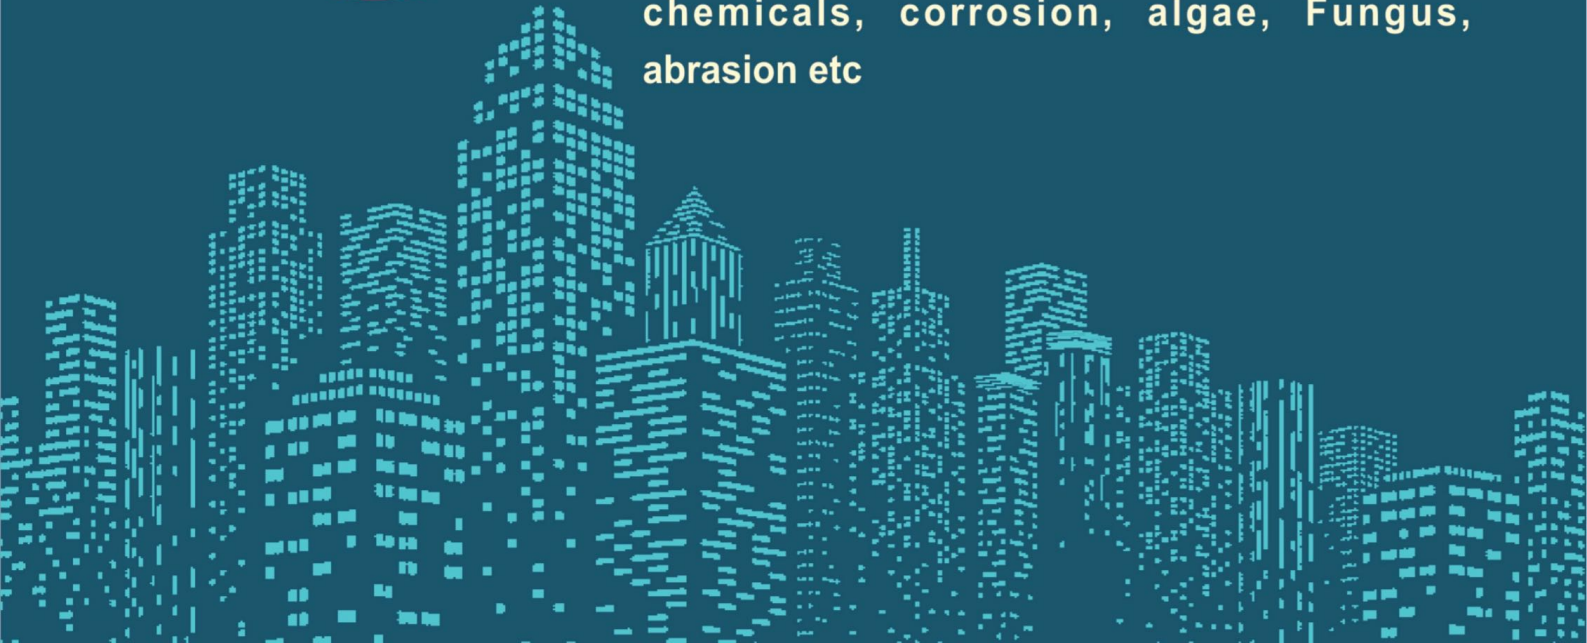

ARKO PAINTS INDIA PVT. LTD. came to existence with the sole goal to be a provider of Quality and Durable products based on latest available technology to enhance the satisfaction of our clientele.

We strive hard to provide large range of products & pricing so as to match every budget. We work towards enhancing our clientele's experience by catering to their every paint, putty, Distemper, coating, texture & ancillary need that they may come across

Our work reflects our reliability, commitment to quality and excellent performance in the Building & Paint Industry as we now Paints Dream.

Paint can be used as a coating to decorate a surface or substrate. It has a wide variety of colour, texture, finishes and gloss level. Paint can be designed to protect the surface or substrate against ultra-violet rays, humidity, chemicals, corrosion, algae, Fungus, abrasion etc
